Section 2.13 - Stewards

The Business Manager of the Union shall have the right to appoint a Steward at any shop and on all jobs where employees are employed under the terms of this Agreement. Such Stewards shall see that the terms and provisions of this Agreement are being observed at all times. They shall be allowed sufficient time by the Employer to attend to their duties as such, however, this shall not be construed as requiring the Employer to place a nonworking Steward on any job. Under no circumstances shall Stewards be discriminated against for the faithful performance of their duties as such.

Provided, further, Stewards shall in no case cause a stoppage of work. In any case of trouble in the shop, or on the job, which they cannot adjust with the Employer or his designated representative, they must refer such matter to the Business Manager of the Union.

Section 2.14 - Removal of Employee

If the Union or its representatives decide to render assistance to other labor organizations by removal of its members from jobs when necessary and when the Union or its proper representatives decide to do so, no removal shall take place until notice is first given to the Employer involved. It is further understood and agreed that the Division and Employers operating under this Agreement will not consider such action by the Union and/or its representatives as being in violation thereof.

When such removal takes place, the Union or its representatives shall direct the members on such job to carefully put away all tools, material, equipment, or any other property of the Employer in a safe manner or return them to the shop of the Employer if so directed by him. The Union will be financially responsible for any loss to the Employer for neglect in carrying out this provision, but only when a safe place is provided for these by the Employer.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate, single job site.

All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.13 - Apprentice Supervision

An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in sight of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 5.14 - Graduation from Program

Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this agreement.

The current rate of contribution is forty cents (\$0.40) for each hour worked by Journeymen and Apprentices until such time as the sum of the JATC bank accounts and reserves are reduced to \$135,000. When the bank accounts and reserves reach \$135,000 the JATC contribution will be increased to **seventy cents (\$.70)** for each hour worked by Journeyman and Apprentices until such time the JATC bank accounts and reserves are increased to \$275,000. This sum shall be due the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust.

The Plan** and its Trust Agreement shall conform to Section 302 of the Labor Management Relations Act of 1947, as amended, the Employee Retirement Income Security Act (ERISA), as amended, and/or other applicable federal laws.

In the event Employers have any problems in this regard with tax deductibility, the Union and Chapter shall promptly meet to solve this problem, which solution may include

retroactive amendments to this Trust Agreement or to the Plan. Example: The 3% of gross monthly payroll due to NEBF is not to be reduced because of Employee salary deferrals paid to the Plan.

A duplicate copy of said form shall be forwarded by the Employer to the Union for record. One copy shall be retained by the Employer.

- (c) The monthly transmittal shall cover every employee subject to said principal Agreement on the payroll for all payroll weeks within the calendar year.
- (d) Monthly transmittal forms shall be furnished to the Employer and shall be filled out as stated. A duplicate copy of said form shall be forwarded by the Employer to the Union for record. One copy shall be retained by the Employer.
- (e) Administrative Costs - The Administrator shall pay for all administrative costs incurred in the operation of the plan other than those incurred within the office of the Employer.
- (f) Termination on 72 Hour Notice - Employers who fail to remit payments to the Citizens Equity Federal Credit Union shall be subject to having this Agreement terminated upon seventy-

two (72) hours' notice in writing being served by the Union, provided the Employer fails to show satisfactory proof that delinquent payments have been made.

**DRUG ABUSE PREVENTION, DETECTION & AWARENESS
PROGRAM FOR MEMBERS OF LOCAL UNION 193
& SPRINGFIELD DIVISION, ILLINOIS CHAPTER, NECA**

We are firmly committed to the safe and efficient construction and operation of all projects. The safety and health of project employees, and the quality of construction are of paramount concern. The use, possession, or distribution of drugs in the work place is inconsistent with the achievement of these objectives. There being a delicate balance existing between safety, health, efficiency and the interest of worksite employees' right to privacy, this program recognizes that the union and the employer will not intrude into the off duty lives of workers or their right to privacy. The sole purpose of this policy is the elimination of impairment at the job site. It is recognized that on job impairment is often caused by underlying physical or emotional problems. For that reason, this program includes a drug and alcohol awareness orientation at their pre-employment screening. Accordingly, the parties agree that in order to enhance the safety of the work place, and to maintain a drug free work environment, individual employers may require employees to undergo drug screening by using the following procedures. This policy, and following procedures, are binding, and are mutually agreed to by the parties to this agreement.

The adverse impact of substance abuse by drivers has been recognized by the federal government. The Federal Highway Administration ("FHWA") and many states and customers have issued regulations which require the Employer to implement a controlled substance testing program. The Employer & Employees will comply with these regulations and is committed to maintaining a drug-free workplace. All Employees are advised that remaining drug-free and medically qualified to drive and work in safety sensitive positions are conditions of continued employment or service with the Employer.

1. It is understood that the use, possession, transfer or sale of illegal controlled substances is absolutely prohibited while employees are on the employer's job premises, or while working on any site in connection with work performed under the applicable agreements.
2. An employer or owner may declare a job site to be a drug testing site for all employees working on that site. If declared a drug testing site, all Employees referred by Local 193 must be tested before beginning work.
3. All employees will undergo tests for the following controlled substances:
 - A. Amphetamines
 - B. Barbiturates
 - C. Benzodiazepines
 - D. Cocaine
 - E. Opiates
 - F. THC (Marijuana/Cannabinoids)
 - G. Methadone
 - H. PCP

This program does not prohibit the use or possession of any medication prescribed by the employee's physician, or any over-the-counter medication.

4. An Employer may require a fitness for duty determination for the following reasons:
Accidents - Employee involvement in accidents causing property damage of \$4,400 or more or serious personal injury shall be grounds for requesting testing for alcohol or controlled substances to determine fitness for duty.

Observed Behavior (Objective Criteria) - The supervisor is responsible for making an initial assessment as to whether an employee is "Fit for Duty." Where the supervisor is defined to be: Company Officer, Safety Director, Project Manager, Superintendent, General Foreman, or Foreman. Such a determination should be based on the supervisor's objective observation of an employee's ability to perform all duties safely and efficiently as well as the employees conduct and attendance. In making this determination, the supervisor is not "diagnosing" but merely noting "behaviors." In some instances, an illness or disease may mimic the symptoms of alcohol or substance abuse. The company will not tolerate the use of this policy to harass or intimidate employees.

Patterns and Indications of a Substance Abuse Problem - The following lists some of the most commonly observed signs that an employee may not be fit for duty. These signs may be considered "for cause" events which will justify assessment for fitness for duty under this policy. This list is not all inclusive. Supervisors may observe other signs and symptoms similar to these that may prompt a request for a fitness for duty assessment.

General

1. An accident
2. Erratic behavior
3. Sudden mood swings
4. Excessive risk taking
5. Poor cooperation
6. Customer complaints
7. Frequent tardiness
8. Excessive absence, Monday/ Friday, payday
9. Frequent mistakes
10. Lack of energy or strength
11. Declining performance
12. Poor quality or quantity of work
13. Unexplained absences

Specific

1. Dilated or constricted pupils
2. Glassy or reddened eyes
3. Slurred speech
4. Alcohol or marijuana on the breath
5. Staggering or unsteady gait
6. Stumbling or falling

If the supervisor determines that the employee is not fit for duty and after a job steward or another union member has been contacted and observed the employee in question, the following assessment procedure should be used.

Procedures to be followed by a supervisor once it has been determined that a fitness for duty assessment is necessary.

It is very important that a supervisor observing signs that an employee is not fit for duty should ask another supervisor to observe the employee for corroboration of the behavioral characteristics. All of the observing supervisors must have successfully completed training in a Fitness for Duty Policy Administration.

The supervisor should remove the employee from the worksite where a confidential meeting can occur. If more than one employee is involved, they should be separated. The supervisor should explain what he/she has observed and ask the employee to explain why he/she appears to be physically or mentally unable to perform this job.

Remember, the supervisor is neither diagnosing nor accusing the employee of being "drunk" or "stoned", but acting on observed behavior. If the employee provides a satisfactory explanation for his/her behavior, the supervisor should make a further assessment to determine the reason the employee appears unfit for duty. The supervisor must document all actions thoroughly. If the employee does not provide a satisfactory explanation, the supervisor should proceed with the following substance screening.

The following procedure may be used when the decision to conduct a test or assessment referral for "fitness for duty" has been made.

Testing Procedure - The Supervisor and union steward for another fellow union member should escort the employee to a medical facility. The employee will be required to provide a urine specimen for testing.

The Occupational Health Nurse should be contacted if questions arise regarding testing procedures or specimen collection facilities.

The collection of urine specimens, the chain-of-custody of the specimen to mutually agreed N.I.D.A. Laboratory, and/or the laboratory testing will be in accordance with the guidelines established by the National Institute on Drug Abuse (N.I.D.A.).

After the Test - Meeting with the Employee - When test results are positive, a meeting with the employee and a Medical Review Officer (MRO) should be scheduled to tell the employee the test results, making sure that the results of the testing are held in the strictest confidence. Only after a meeting between the employee and a medical professional will the Employer be notified of a positive test.

Driver Periodic Testing (Biennial) - Employee-Drivers will be required to submit to testing for the detection of prohibited substances at least once following the adoption of this Policy during the first medical examination of the Employee-Driver. Periodic testing will be discontinued after the first calendar year when the Employer has implemented its random testing program and has achieved a testing rate of 50% of the Employee-Drivers subject to testing as required under federal regulations.

5. All tests shall be conducted using only urine specimens in accordance with current State and Federal Department of Transportation, Initial and Confirmatory Test levels (NG/MI). Sufficient amounts (a minimum of 6Occ) of the sample shall be taken to allow for an initial test and confirmatory tests. All specimens shall be collected and handled according to strict chain-of-custody procedures as established by N.I.D.A. The sample collection will not be observed directly. The testing procedure is designed to respect employees' rights to privacy.

6. The initial test will be Enzyme Multiplied Immunoassay Technique (EMIT). In the event a question or a positive result arises from the initial test, a confirmation test must be utilized before action can be taken against the employee. The confirmatory test will be by Gas Chromatography -- Mass Spectrometry (GC/MS). Any other confirmatory tests and/or testing shall be at the employee's time and expense. Testing standards for both the initial test, and confirmatory test, will be those established by the National Institute of Drug Abuse. The testing lab used will conform to the standards of the National Institute of Drug Abuse. Confirmed positive samples will be retained by the testing laboratory in secured long term frozen storage for a minimum of one year. Handling and transportation of each sample must be documented through strict chain-of-custody procedures; specimen containers shall be labeled with a number, and the donor's signature, and shall be closed with a tamperproof seal initialed by the donor and collecting agent. The labeling shall be done in the employee's presence. All specimen samples shall be collected at a mutually agreed medical facility such as a hospital, etc. Every effort shall be made to assure the validity and accuracy of all tests.

7. Employees will be advised of test results by an approved MRO. Results, or facts of testing, shall not be released to any owner, any Employer, or any other employee.

Employees shall receive copies of all documents, including, but not limited to, test results, computer printouts, graphs, interpretations and chain-of-custody forms.

Results of the testing shall be held in the strictest confidence, in accord with the American Occupational Medical Association Code of Ethical Conduct for Physicians Providing Occupational Medical Services and the AMA Drug Screening in the Workplace Ethical Guidelines; except as provided in this document.

Except as set forth herein, nothing should infringe on the worker's right to privacy, or job rights and security, as set forth in the collective bargaining agreement; nor shall this program intrude into the off duty lives of the employees, except if the employee reports to work impaired.

It is the intent of this program to comply with all laws and regulations promoting non-discrimination in employment.

Except as set forth herein, no employee shall be required to sign any waiver of his rights.

8. Random physical searches and/or compulsory chemical testing shall not be permitted, except when required by the customer or owner of the work-site or required by Federal and/or State laws. However, in order for an Employer to guarantee the security of this program, that Employer may declare any new project to be drug free. All employees who work on that project site will show either a current "drug-free" card or will be tested.

9. Employees with a negative test result shall be issued a "drug free" card. Any employee possessing a "drug free" card, notwithstanding any other provision of this agreement, shall not be retested for a period of one year from issue date of the card, provided that, if an Employer seeks to retest employees within sixty (60) days of the expiration date of their "drug-free card" prior to the start of a new job, he may do so. Employees not passing the drug screen shall be removed from the Employers payroll. The Employer agrees to pay the cost for administering the drug test.

10. Payment of all testing will be at the expense of the Employers, except as per Paragraph six (6) herein, or as negotiated with Employer signatory with this agreement. The Union shall encourage their members to be tested at a time convenient to them on a voluntary basis during a six month period starting with the date this agreement becomes effective. Payment for time taking the test shall be paid for by the Employer, but shall not be abused by the employee. Abuse of this clause shall be adjudicated by the Labor Management committee.

11. It is recognized by the parties to this agreement that the consensus of all is that alcohol should not be abused. No Employer is expected to retain in his employment any employee showing his work performance is impaired because of alcohol abuse.

12. Employment shall not be denied to any employee, on a subsequent job, who, although had a positive test, was subsequently retested pursuant to this program, and shown to be negative for drugs.

This program does not prohibit the use or possession of any medication prescribed by the employee's physician, or any over-the-counter medication.

13. Any employee who breaches the confidentiality of testing information shall be subject to discipline.

14. All drug tests administered pursuant to this policy shall be for the sole purpose of fulfilling the goals of this policy and shall not be utilized for any other purpose. The drug tests obtained pursuant to this policy shall be confidential in nature and shall be solely for employment purposes.

15. Except as set forth herein, the establishment or operation of this policy shall not curtail any right of an employee found in any law, rule, or regulation. Should any part of this policy be found unlawful by a

court of competent jurisdiction, or a public agency having jurisdiction over the parties, the remaining portion of the policy shall be unaffected, and the parties shall enter negotiations to replace the affected provision.

16. The Employer shall indemnify and hold the Union harmless against any and all claims, demands, suits, or liabilities that may arise solely out of the Employer's application of this program.
